DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

2. Claims 79-84 are rejected under 35 U.S.C. 103(a) as being unpatentable over Cook et al, as applied in the Office action filed April 12, 2006.

- In addition regarding 80, Cook et al does not specifically disclose that the substrate material transmits a selected radiation. However, whether or not the substrate material transmits the selected radiation would have been an obvious matter of design choice, since radiation is not necessarily transmitted through the substrate material in claim 80 since the selecting and attaching steps may occur before the exposing step and the irradiation can occur from the first surface side.

Allowable Subject Matter

3. Claims 2,4,5,7-19,21,22,28,50-55, and 57-60 are allowed.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3724

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
